MONTHLY MEETING - SCIENTIFIC SESSION

28th April, 2011 (Thursday) ■ 8.00 p.m. ■ IMA House - Please note the change in date

Chairperson : **Dr. Mathew Philip**, Senior Consultant in Gastroenterology, PVSM Hospital, Kochi

CASE DISCUSSION

1. **Painless visual loss in a lady on chemotherapy** - A 39 year old female presented with gradual onset of painless defective vision for past few months. Fundus examination showed bilaterally symmetrical crystalline retinopathy. Implications of Tamoxifen treatment and the course of retinopathy are discussed.
2. **Back Pain - A common complaint with an uncommon diagnosis** - A 55 year male from Africa, presented to the OPD with a/c worsening of chronic low back pain caused by a rare metabolic disorder.
3. **An endocrine cause for seizure** - This is a case of hypoparathyroidism, presenting as seizures. Need to consider this entity in the differential diagnosis of seizures is emphasized.
4. **Short stature in a child** - This is a case of short stature caused by Inflammatory Bowel Disease. The differential diagnosis and management are discussed - **Dr. Abraham K. Paul** MD, Consultant Pediatrician, Cochin Hospital
5. **2 cases of unresolved pneumonia - Dr. Anvar**, DNB Trainee, III yr, Radiodiagnosis, IRIS Scans

9.30 pm IMA Kerala Health Scheme - **Dr. A.I. Kamarudheen**, State Secretary, IMA KHS

The meeting is sponsored by Cochin Clinical Society
