President's Column

Dear friends,

The Indian Medical Association views with great concern the increasing incidents of assaults on medical professionals and attack of hospitals by anti social elements. It is high time that the Government took stringent measures to curtail this ever increasing menace. It may be noted that in other States like Andhra Pradesh, Maharashtra and Karnataka, legislative measures have been taken and such acts are being categorised as cognizable offences punishable with rigorous imprisonment and fine. Indian Medical Association is observing 28th of August 2008 as "Doctor-Patient Protection Day" in order to focus the attention of the Govt. and the public on this vital issue.

Statewide Rallies and Dharnas are being organised on the Day. It is our responsibility to make this event a great success and hence please participate in the Rally and Dharna in great numbers.

Yours sincerely,

Dr. N.S.D. Raju
