President's Column

Dear Colleagues,
Dreams Come True !

The dawn of the New Year 2006 has brought us something to cheer and be proud of. The long cherished dream of Cochin IMA to have a new premise is going to be a reality very soon. By the Grace of God and with the whole hearted support of the members, we have signed an agreement for 67.020 cents of land in the heart of city in the newly constructed stadium link road behind the International stadium in Karanakodam area connecting to the Pulleppady Thammanam Road. We could make an initial substantial payment as advance for the property and the rest of the amount has to be paid within a period of 6 months. Earnest effort has to be made to complete the sale deed in time and I sincerely request all the members and speciality associations to take the initiative to raise the required amount for this project. At this juncture I recall the timely help of the IMA Blood Bank and the relentless effort and interest taken by the Project Committee under the stewardship of Dr. V. P. Kuriyipe. "If there is a will there is a way" is of great importance to us at this moment.

With regards,

Dr. E. Varghese Mathew
